The Field Study and Teaching Internship are programs intended for third year and fourth-year students that aim to develop the students' teaching competencies and professional attitude within the cooperating schools' community. The Teacher Education Program's (TEP) response is to deliver its course most flexibly, even during the pandemic. Thus, the following new policies and deployment guidelines will be followed, as the *Joint CHED-DEPED Memorandum Order Series of 2020 "New Normal Policies*

and Guidelines on the Deployment of Pre-service Teachers for Field Study and Teaching Deployment for AY 2020-2021” served as the major reference.

A practice teaching training program for students taking an education course is a requirement providing an opportunity to apply the theories, principles, and ideas learned in the academe under the supervision of the Practice Teaching Supervisor.

The Practice Teaching Supervisor shall be responsible for all aspects of the pre-service teachers' internship, including implementation and monitoring. He is expected to orient and clarify to the trainees the objectives of the *on-the-job training* program. He should regularly monitor the trainees to check their performance further and discuss further with the on-site Cooperating Teacher to improve the practice teaching training program. Practice Teaching Supervisor shall also be available for consultation with trainees and provide coaching and counseling assistance. Lastly, he is responsible for evaluating trainees and shall give the final grade considering the Cooperating Teacher's evaluation.

Practice teaching training program discloses the students to work realities that will hone their skills and prepare them once they graduate. In addition, achieving the Practice Teaching program objectives ensures the possibility of good performer graduates.
